RUBBISH HEAPS piled outside the fence of the city dump typify the littered condition of the area surrounding the dump, according to a neighborhood citizens committee organized to promote a new dumpsite. Residents complain that winds blasting across the open dump carry rubbish into their housing areas and deposit litter throughout the adjacent countryside. (Desert Sun Photo)

Wall Ordinance Meets Favor With Planners

Designed to eliminate blind or obstructed intersections, a new ordinance governing height of walls and shrubbery was today headed towards the final stages of adoption.

No opposition was voiced at the second City Planning Commission hearing held on the proposed ordinance yesterday, but commission decision was postponed pending preparation of a resolution by Planning Director Hy Ranes.

Ranes was directed to meet with the chief city building inspector and the city attorney to draft a resolution clarifying and endorsing the ordinance.

The resolution will be voted upon at the June 5 Commission meeting.

The ordinance, drafted by the commission at the recommendation of the Palm Springs Safety Council, calls for restrictions on the height of walls, fences and plantings at traffic intersections.

Macmillan Wins Confidence Vote

LONDON — Prime Minister Harold Macmillan defeated a Laborite vote of censure in the House of Commons Thursday night but ran into demands today that Foreign Secretary Selwyn Lloyd resign.

Lloyd's opponents felt that he personified the last vestige of former Prime Minister Sir Anthony Eden's ill-fated Middle East policies and that he should be replaced.

SCHOOL DISTRICT RECEIVES \$37,675 IN FEDERAL AID

The U.S. Office of Education has earmarked \$37,675 under the law providing Federal assistance to impacted communities, for school construction planned by the Palm Springs Unified School District.

Word of the appropriation was received today by The Desert Sun from U.S. Senator Thomas H. Kuehel from Washington, D.C.

Two applications were made by the local school district, one under Public Law 815 which gives the school district additional Federal funds for school construction, and the other under Public Law 874 which is a re-imbursment by the Federal Government to the district for pupils who live on government land.

Last year the government paid the Palm Springs school district \$124,110 under Public Law 815, and this sum was matched by the local district to construct Cielo Vista School. Although the local school district has applied to the government for the funds to be associated with the construction of a new elementary school plant, the district now does not have the matching funds.

Eastside Home Owners Start Dump Cleanup Drive

Virtually "disgusted with the sight of heaped refuse" blown into their homesites by winds blasting across the city dumps, east-side Village homeowners today voiced their displeasure with the city administration.

Spokesman Carl Barrett, an east-side homeowner, said that disgruntled residents, who ironically labeled their area "litterbug acres," planned to launch "forceful action" aimed at shutting down the present dump site.

BARRETT, WHO said he was echoing sentiments of his neighbors, charged the City Council with failure to answer repeated requests for corrective action.

Heaps of windblown rubbish, scattered over hundreds of acres of territory adjacent to the dump has become an all-too-painful part of the scenery, Barrett noted.

The familiar "scenery," blown into the area by winds blasting across the uncovered dumps, has inspired formation of a homeowners committee to carry the case to city council, Barrett reported.

"IT'S TERRIBLE," he said, "We're tired of being called residents of 'garbage pit estates' or some such thing."

The unhappy homeowner pointed to piles of newspapers, cardboard boxes and miscellaneous garbage strewn across streets, heaped against shrubbery and waiting through the air.

"This goes on every day," he asserted. And garbage is only part of the problem.

"The flies are so bad its impossible to sit on a patio," he said, "and some of this stuff even blows into our homes."

BARRETT SAID he met with City Manager R. W. Peterson this week in an informal discussion of the problem and said he was told that the dump would be in operation at least two more years.

Previous contact with city officials, Barrett noted, came up with reports that the county was interested in purchasing a dump site for use of Palm Springs, Cathedral City, Palm Desert and Rancho Mirage.

However, Barrett ruefully noted that Peterson's prediction of "two more years" was "hardly reassuring."

"We have made every effort to have the dump relocated," he said. "When the Veterans Administration required dump fencing on one development, the property owner paid half the cost of fencing on city property."

BARRETT POKED his toe against a carton blown into the middle of the Ramon Road intersection by a fresh gust of wind.

"Besides causing a sanitation problem, this place," he waved at the dump, "is a traffic hazard too," he remarked.

Rose Parade Meeting Set

Plans for a Palm Springs entry in the next New Year's Day Tournament of Roses parade at Pasadena will be discussed by the Palm Springs Realty Board Monday.

The board has scheduled a noon luncheon meeting at the Chi Chi.

3 Chambers Plan Protest At Hearing

Plan Meetings On Phone Rate Increase Request

Chambers of Commerce of Palm Springs, Cathedral City and Desert Hot Springs are meeting within the week to discuss plans to protest an application by California Water and Telephone Company for an over-all rate increase within its service area.

The units are not meeting together, but individually to form the protests. Tom Kieley, president of the Palm Springs Chamber, said today that the Chamber, along with action already taken by the City Council will protest the rate increase, and will send a representative to Redlands on May 23 or 24.

THE OPENING hearing on the application for an increase in telephone rates totaling \$1,472,000 a year will be held by the Public Utilities Commission in Los Angeles on May 22.

Commissioner Rex Hardy, assisted by Examiner Manley W. Edwards, will preside at 10 a.m. in the Commission Courtroom at 1-45 South Spring Street. The hearing will move to Redlands City Hall May 23 and 24 at 10 a.m. each day, to give subscribers in the eastern service area an opportunity to express their views on the proposed increase, as well as the company's service.

OPERATING EXPENSES, construction and higher costs for equipment were the reasons for the rate increase, according to the company, and they are seeking the increase in basic exchange, local and extended service, ranging from 25 cents to \$2.20 a month.

At the first hearing the company will make a general statement of its position and present its exhibits to seek to justify the requested increases.

Light Balloting Reported Today

Only light balloting in today's school board election was reported at all four polling places by press-time.

The polls will remain open until 7 p.m.

Polling places are Cahuilla School, Katherine Finch School, Cathedral City School and Desert Hot Springs School.

Floods Follow Tornadoes as Major Threat

Kansas, Oklahoma Hardest Hit by New Destruction

By UNITED PRESS
Floods followed a flurry of deadly tornadoes in the Southwest storm belt today, wrecking a new round of destruction through parts of Texas, Kansas and Oklahoma.

A United Press count showed at least 25 persons killed in violent weather during the past two days. Twenty of the victims were found in the tornado-smashed debris of Silverton, Texas.

NINE OF THE 80 persons injured in the Silverton twister Wednesday night remained in critical condition. Twenty-five homes were destroyed and 30 others were damaged.

Floodwaters in the wake of five to seven-inch rains rolled through Kansas and Oklahoma, killing a 14-year-old boy who drowned Thursday night while swimming in a flood swollen creek in south-east Wichita.

Emporia and Wichita, Kansas, were the largest cities menaced by floods.

AT WICHITA, Air Force personnel and Kansas national guardsmen labored throughout the night sand-bagging the dikes along the Little Arkansas River. The river was expected to crest at noon, one foot above flood stage.

Catalina Tells Service Plans For Next Fall

Catalina Airlines, now ticketed to operate a DC-3 aircraft between Los Angeles and Catalina Island, today promised a two-flight daily air service schedule between Los Angeles and Palm Springs next fall.

Airline president Donald C. McBain reported that the Civil Aeronautics Board has granted his company authority to operate the Los Angeles-Catalina flight. Service will start within a few days, McBain said.

The addition of a new DC-3 transport for this service solidified Catalina Airlines' plans to provide regularly scheduled service for the Village next fall.

Five persons died and more than 50 persons were driven from their homes in Oklahoma.

MRS. ALEXANDER MARCUSE had the honor of being first large contributor to the building fund of the new Palm Springs Boys Club. Pictured above, Mrs. Marcuse hands her check to Lloyd Simon, one of the founding members of the Boys Club. The new building will be located on Sunrise Way, just north of Ramon Road at the entrance to the Polo Grounds. It will be about 8,000 square feet and will contain all modern facilities and equipment for boys from 8 to 15. Further contributions can be made to the temporary finance chairman, Jerome L. Richardson, 174 North Palm Canyon Drive. (Desert Sun Photo)

JayCees Present Key Man Award to Club for Progress

The coveted Key Man Award, presented each year to the outstanding JayCee by the local Junior Chamber of Commerce, last night was presented to the "club as a whole for its outstanding job of progressing during the year," and led the host of awards given at the installation dinner at the Palm Springs Ranch Club.

Outgoing president Bill Bronstein presented five certificates of merit to club members for key projects during the year, and to the press and radio went certificates of appreciation.

Members receiving certificates were Frank Allen for the Christmas Tree project, Bob Morrison for heading the Teen-age Road-e-o, Terry Rauch for bringing Santa Claus to the Village, Jim Schilling for an outstanding job as publicity chairman, and J. R. Wahlberg for heading the very successful Christmas lighting contest.

Robert Brown, national vice president and unsuccessful candidate for State President, presented the National JayCees six "sparkplug" awards were Frank Allen, Terry Roach, Gene Bishop, Nick Mutascio, David Fisher and Bob Morrison.

Brown installed the secondary officers of the organization. Robert Ruff, newly elected president of the California Junior Chamber of Commerce took over the gavel from Bill Bronstein, and turned it over to president-elect Robert Schlesinger, local Palm Springs attorney, who was named to the post three weeks ago.

THE WEATHER

Desert area forecast: Mostly sunny today and Saturday. Gusts winds Saturday afternoon. Slightly warmer today with highs 78-83 upper valleys, 85-98 lower valleys. High yesterday was 95, low 54.

ONE DOLLAR ONLY SUM IN CHESS TRAVEL ACCOUNT

The fund campaign to send a Palm Springs woman to an international women's chess tournament in Holland next fall was apparently stalemated today as total contributions to date tallied only \$1.

Residents of Palm Springs were asked to contribute to the fund designed to send Mrs. Sonia Graf-Stevenson as one of two United States entries in the first international women's chess team tournament in Holland next September.

Of the \$1,000 needed for travel expenses, the Palm Springs Chess Club pledged one-third. Villagers were asked to contribute the rest.

Contributions for Mrs. Graf-Stevenson, a Villager for four years, were to be sent to Harold West, of the Bank of America, custodian for the fund.

The lonely dollar bill in her fund was contributed by Cliff Brown, Chamber of Commerce publicity man, to open the account.

Last Rites Of Church Administered

Rescuers Hampered By Sliding Sand, Cave-in Danger

MANORVILLE, N.Y. — The last rites of the Roman Catholic Church were administered today to 7-year-old Benny Hooper, trapped for 16½ hours in a 21-foot well shaft.

Hope for the child's life faded at noon as his hand, the only part which had been visible from the top of the shaft, disappeared under sand sifting from the sides of the well.

BUT EVEN AS Father Paul Metalziki made the sign of the cross to begin the brief ceremony, workers continued frantic efforts to tunnel to the child's side from another shaft some 15 feet away.

They attempted to drive three-foot lengths of pipe through a lateral tunnel with hydraulic pumps, but were hampered by the crumbling sand of the wall supporting the pumps. Earlier efforts to shore the lateral tunnel with wood had failed.

BENNY FELL INTO the well shaft at 8 p.m. Thursday. His father had just stopped drilling the hole and had warned the boy and a playmate to stay away from it.

The boy's hand, stretched above his head in the shaft, which narrowed to about 10 inches at the front where he was trapped, was last seen to move at 6 a.m. Dr. Joseph H. Kris, who kept an all-night vigil directing a flow of oxygen to the child, and firemen said they believed Benny was alive at that time.

As the fine sand began sifting down, Kris said at 10:30 a.m. the child had only a 20 per cent chance of being alive and "each moment the chances grow slimmer."

The last physical contact with Benny was at 10:30 p.m. Thursday when he grasped briefly a hook which firemen lowered into the hole. His hand slipped off as firemen tried to pull him free.

PREMIERE TICKETS NOW AVAILABLE, ALL RESERVED

DUMP CAMPAIGN

He eyed a bulldozer busily plowing up fresh sand at the corner of the dump closest to the housing development.

"Why must the dump operation be carried on as close to home as possible?" he queried. "What is it—just nuisance value?"

ALTHOUGH HE was pointing out various items by himself, Barrett assured The Desert Sun that he spoke for most of the homeowners in the neighborhood.

He reported that 60 families now live in the immediate vicinity and that 40 more would move into some of the 135 completed homes within the next two weeks.

The area has a potential of 500 homes, he asserted.

Present area site improvements

are worth \$710,000, Barrett said, itemizing cost of streets, curbs, and the like. Total evaluation now is \$2,250,000 he said.

BARRETT exclaimed: "Doesn't the city realize that if the area is ever considered for annexation that it might lose valuable tax revenue?"

Barrett commented on some answers, such as "the dump was there before you," he allegedly received from city officials.

"It isn't a matter of who was here first," he declared. "We like our homes and we intend to stay in them. We're permanent residents—all of us work in the city area."

What it boils down to, according to Barrett and other homeowners is that the families are here to stay—but that dump "has got to go."

City Animal Shelter Goes On New Schedule

In a move designed to aid adoption of homeless animals by Palm Springs area residents, the city animal shelter today went on a new service schedule.

The shelter, which is now the temporary home of at least a dozen assorted canines, will be open to visitors all day, every day. This will enable pet seekers to view animals at any time during the day.

An attendant will be on duty for adoption service from 8 to 9 a.m. and from 3 to 5 p.m. daily.

Shelter officials urged Villagers to take these animals into their homes. Abandoned by winter visitors, the animals will be destroyed unless they are claimed or adopted.

Officials pointed out that all animals are medically examined before being released for adoption.

Gas Company Announces New Bond Issue Sale

Directors of Southern California Gas Co. today authorized the issuance of \$35 million in first mortgage bonds, it was announced by F. M. Banks, president.

It is expected that competitive bids will be received for the bonds on June 26, and they will be offered for public sale on June 27. The bonds will carry the date of July 1, 1957, with a maturity date of July 1, 1963. A cash sinking fund will be provided to retire 50 per cent of the issue prior to maturity.

The gas company's last issue of bonds was in May, 1956, when \$40 million of 25-year 3 1/2% bonds were sold at a net interest cost of 3.305 per cent.

The company proposes to use a portion of the money to repay short-term indebtedness of its parent company, Pacific Lighting Corp., and the rest for carrying out its construction and improvement program for the year, Banks said. This includes its 70 per cent interest in the new 300-mile 30-inch pipeline from Needles to the Los Angeles metropolitan area, now under construction.

Silver Spur Ranch Water Company Receives Okeh

The California Public Utilities Commission today authorized the Silver Spur Ranch Water Company to establish a water system to serve approximately 600 acres near Palm Desert owned by the Silver Spur Ranch Corporation.

Rates provide for a \$2 monthly charge for 500 cubic feet of water with additional charges for more than that amount.

Gardener's Checklist

1. This is the time to plant Tuberous Begonia plants in those shady places.
2. Polyanthus primroses can be divided at this time.
3. There are a multitude of summer blooming shrubs which can be planted now. Here are a few: Lantana, Raphiolepis, Choisya ternata and Pleroma.
4. The "lowly" Geranium has raised its station. Ask your nurseryman to show you some of the exquisite newer varieties.
5. There are some 1957 Fuchsia introductions which deserve a place in your garden.

Plant Suggestions Offered For Terrace and Patio Tubs

Container-gardening in tubs on a terrace or patio offers the great advantage that many plants will grow in this fashion—meaning the field of selection for container-gardening is broad.

Of course, there are many types of plants that are best suited for container cultivation, says the California Association of Nurserymen, but this group includes trees, shrubs, succulents, flowering bushes, bulbs, in other words, just about every type of plant there is.

ESPECIALLY OUTSTANDING in large tubs for a patio when you want some shade provided by growing things are the tree wisteria and the Japanese maple. The tree wisteria (Daubentonia Tripetii) is actually a fast-growing shrub to eight or ten feet in height and six to eight feet in width with fern-like leaves, showy clusters of yellow and orange red flowers from spring through summer, followed by winged pods. The tree wisteria does very well in full sun and high heat; prune in late fall for new flowering wood.

Invaluable in a tub planting, the Japanese maple (Acer palmatum) is an airy and delicate tree to 20 feet providing year round interest. In spring the young growth is scarlet, summer's leaves are green, and in fall the foliage turns

scarlet; wintertime brings shades of greens and reds to the leafless branches. The Japanese maple can be grown dwarf and can be pruned for interesting effects.

IF IT'S A TEMPORARY garden you want in your terrace or patio tubs try seasonal annuals. For spring, plant cyclamen, violas, daffodils, tulips; in summer and fall, petunias, marigolds and chrysanthemums are very suitable.

Shallow-rooted shrubs are ideal for container-gardening and in this group of plants gather some of the most attractive flowering shrubs there are, such as the rhododendron, camellia, azalea. Both the Sasanqua and Japonica camellia do well in tubs. Fuchsias, gardenias, oleanders, floribunda roses and hydrangeas are all good candidates for tubs.

The dwarf plant category include several trees that will make attractive evergreen plantings and also give delicious fruit for eating. Such trees are the Meyer lemon, the Rangpur lime and the many varieties available of orange, grapefruit, mandarin, kumquat.

BULB FLOWERS feel right at home in a tub. The tuberous begonia, some types of lilies, daffodils and tulips, the cyclamen and hyacinth all make handsome tub plantings.

VFW Auxiliary Makes Plans for Poppy Day

At the meeting of VFW Post 3987, plans for Poppy Day were made. Proceeds from the sale of these poppies are put in the Relief Fund for the aid of veterans and their families.

A Potluck Dinner is planned for the latter part of June for the outgoing president Kathleen Naef, and incoming president Lou Paul. Members of the Auxiliary and Post are invited. A date will be announced.

Mother's Day gifts for the four Gold Star Mothers of the Auxiliary were delivered.

Refreshments were served.

Brownie Troop Plans Cook Out

Brownie Troop No. 4 of Cahulla School will have their annual "cook out" at the Girl Scout Little House on Caballero Road next Tuesday afternoon. The girls will prepare a complete meal with their special Brownie dessert.

Those planning to attend under the leadership of Mrs. Wallace Mueller, Mrs. Joel Stone and Mrs. Mike Pritchett, will be: Linda Barton, Dayna Charney, Shelby Coffey, Deborah DuBois, Susan and Sally Elliott, Laura Ferguson, Laurin Fox, Patti Gilligan, Julie Hodgen, Karen Knutson, Bonnie Luck, Mary Maloy, Maxine Mason, Cynthia Niles, Cherle Oberle, Penny Pritchett, Jerri Reddick, Nancy Rolapp, Vera Sarup, Kathy Stainbrook, Sally Stone, Kathy Taylor, and Nickola Watt.

For prune corn bread, add 1/4 cup cooked, pitted prunes to the batter.

Optimist Club Luau to Be Held At Tennis Club

Palm Springs Optimist Club will hold its luau at the Tennis Club on the evening of May 31, at 7:30 p.m. As the Club dining room is not in operation, the affair will be catered by Pappy Landfield and his assistants.

There will be an orchestra for dancing and entertainment of Hawaiian singing and dancing, which is being arranged by Roy Randolph, luau chairman.

The luau is open to the public and proceeds will go into the Optimist Club's fund for Boys' Work.

Masonic Steak Fry Tomorrow Evening

Masons and their families and friends will be gathered in the patio at Palm Springs Playhouse tomorrow evening at 7 o'clock for the annual Masonic Steak Fry.

Entertainment is being planned. Clarence Brechlin, chairman for the steak fry, said today that tickets may be secured from Charles Burket, Kenny Brott, Clarence Brechlin, Toby Curtis, Julie Edelstein, George Morris, Jack Hillery, Fred Hillstrand, Bill Bronstein, Thor Frederickson Jr., Joe Stuart, Norman MacDonald, Tony Wacek, Ed Freedman, Hiram Gordon, Jack Stuart.

Board Luncheon Honors Retiring P-TA President

A luncheon at the Town and Country restaurant Wednesday was a surprise for the guest of honor, out-going president of Cielo Vista school P-TA, Mrs. William Ekins.

Mrs. Ekins was presented with a beautifully engraved compact by the board of directors.

Those attending the luncheon were Warren Danielson, principal of the school, Mmes. William Bronstein, Allen Smith, Joe Berta, Frank Chalfont, Tony Jadulang, Clarence Macy, Nelson Nickerson, William Wilson, Vernon Howeth, Fred Weigel, Robert Morrison and Paul Payne.

Make Wallpaper Spot Resistant

Non-washable wallpaper can be made spot resistant and easier to clean by coating it with either clear flat wallpaper lacquer or wax emulsion. First, be sure the paper is clean. Give two coats of regular wallpaper size, a substance of gelatine-like consistency available at hardware or paint stores. Allow the first coat to dry thoroughly before applying the second. When the second coat is dry, apply one or two coats of lacquer or wax emulsion with a soft brush. Lacquer may cause some colors to run, so test in a small inconspicuous area before coating the whole wall.

Moths Can Be Devastating

The descendants of a single female moth can chew up and digest about 100 pounds of wool in one year. This is as much as 13 sheep can produce and is enough to make thousands of holes, big and little, in hundreds of garments and other articles. "Protection against moths is a year-round problem," states M. S. Galler of New York, pioneer in the development of moth control products, "but saving clothes and household fabrics from destruction is worth all the precautions."

Party Reveals Secret Pals

Much surprise and hilarity prevailed as secret pals were revealed Monday night, when the Palm Springs Business Women's Club held its Secret Pal Revelation party at the home of Helen Morris. A gift exchange added to the excitement.

The first portion of the meeting was conducted by outgoing president Tess Potter, and the new president Sally Ort conducted the final business of the year for the Club.

Refreshments were served at the conclusion of the meeting.

During the summer months there will be weekly get-togethers, with members meeting for luncheon at Maston's, starting June 3.

Cheese can be frozen satisfactorily, if the freezing is rapid and the individual packages are small. Slow freezing causes changes in color and texture.

Two Surprised at Club Shower

Soroptimist International Tuesday combined its regular luncheon meeting at Biltmore with a surprise shower for two of its members, Mrs. Lois Wilson and Mrs. Luella Coffin. Each one of the honorees thought that the shower was for the other and upon arrival discovered that they were both the guests.

The table was beautifully decorated with two storks, one having already delivered the baby and the other just bringing the baby. Individual place favors were miniature diaphanous pinned with tiny flowers and filled with mints. Guests were Mary Apra of Alhambra and Edith Lusby.

with Hildy Crawford

There's been no official edict... but this is the aloha time of year... when grass skirts and grass shacks... luau and leis... lilting Island songs, luring Hawaiian dances... and polynesian feasting looms large in the social picture on the desert... The big affairs of the next three weekends are all luau... Tomorrow night is the one at Shadow Mountain Club that draws around 600 every year... Next Saturday night, May 25, is Desert Air's exciting luau that offers Hilo Hattie and George Kainapau... and on May 31 the Palm Springs Optimists will wind up the luau... with a polynesian feast at the Tennis Club... We borrow so much from Honolulu... that some year we should stage a big Palm Springs Western Party over there...

I hear that Romanoff's-on-the-Rocks may be a reality by early fall... As already announced in the Desert Sun... ground has been broken for the building... and Prince Mike and his wife Gloria are already formulating plans for a super-duper pre-opening cocktail party... but veddy exclusive... which is expected to be one of the first big events next fall...

Jimmy Van Heusen has flown to Paris... where he'll spend most of the summer writing the music for Bob Hope's new one "Holiday in Paris"... Seeing Jimmy off at the airport the other evening... was vivacious brunette Sue Stanley, Beverly Hilton songstress...

Julie Copeland, Racquet Club tennis pro, is eastward bound... to spend the summer holidays at her home in Boston...

George and Daphne Cameron, who came down from Beverly Hills to attend Bill Rashall's funeral... are planning to summer around Balboa... with their new yacht moored someplace close to the Balboa Bay Club... With the Tomberlins and Thrashers at Lido... it looks like Organization headquarters will shift from the desert to the seashore this summer...

June Clark's making plans for the formal dinner dance on June 3... which daughter Sandra Lee will be hosting... The poolside party with aura of pink candlelight... will be at Desi Arnaz Western Hills Hotel... for around 70 friends... including many of Sandra's classmates from Bishop School at LaJolla...

Jan King is back in the Village after ten days in San Francisco... and will be in and out for awhile... She'll be here next week for the WAIF Chapter meeting... as she is editor-in-chief for The Album, which may turn out to be a kind of Blue Book for Palm Springs... Jan will also be here at month's end... when she is hosting a cocktail party honoring Mrs. Morris Newburger (she's Henry Untermyer's sister)

who'll be here from New York City...

Jock Williamson's father John Mackey Williamson, 91, died two weeks ago on the Isle of Wight... so Jock will be going abroad this summer to help settle the estate... and also hold reunion with his younger brother Henry who lives in Bulawayo, Southern Rhodesia... The brothers, who haven't seen each other in 10 years... will do the golf courses in Scotland where they used to play during school years...

Jock will be here at his home near Thunderbird... until June 1... when he'll go to Santa Barbara and then possibly motor across country... stopping in Omaha to visit the Gilbert Swansons... He'll sail early in July... and be away until mid-September...

Frederick Feyen, son of the J. Blake Fields, has been admitted to Harvard University and will matriculate there in September... Frederick will graduate from Exeter Academy in Exeter, New Hampshire in June...

Dolly (Mrs. Alexander) Marcuse left yesterday for Chicago... At the time of her departure she said she had no plans for the summer... but would be back next fall...

CONSUMER LOOKS AT HIGH COST OF LIVING

Something new is going on in Congress. An inquiry is going on into the high cost of living, not from the viewpoint of the farmer though his interests as the basic food producer are constantly in mind, but from the viewpoint of the consumer. The only urban member of the House Agricultural Committee, Representative Victor L. Anfuso of Brooklyn, as chairman of a consumers study subcommittee, is conducting the inquiry.

What the committee has already developed by testimony of some of the highest experts in government on this question will amaze and, perhaps, instruct the housewife on the size of her grocery bill and the reasons therefor.

For the first time last year, the cost of marketing farm food products exceeded the cost of all products of the farm, abundant though the farm produce was and high as it is in quality. Cash receipts at the farm from marketing of farm products fell below thirty billion in 1955 (totals for 1956 are not yet available but do not differ materially). At the same time, the cost of processing and getting these farm products to the store shelf rose from nine billions in 1940 to thirty-four billions in 1956.

Now how did this twenty-five billion dollar increase in the cost of marketing occur, a cost that the farmer has no part of, that begins when the raw materials leave the farm? First, the general rise in all prices came to 110 per cent and accounted for fourteen and a half billions. The volume of food marketed

rose about 50 per cent or enough to increase the bill another four and a half billions. And the added services, including grocery store parking facilities, packaging and more and different processing of foods, and even more meals bought in restaurants, accounted for the rest, or six billions.

These figures were presented by Dr. Omer W. Herrmann, deputy administrator of the Agricultural Marketing Service. At the same time, Dr. Herrmann said too little is known as to why retail prices rise while farm prices fall or about the impact of the economic developments within the food industry on producers, processors, distributors or consumers. For the answers to these questions, and possibly as a way to lower the cost of living, he urged more comprehensive marketing research.

From the farmer's viewpoint, the sad fact was brought out that his share of the consumer's dollar fell from the post World War II peak of 53 per cent to 40 per cent, the same as the 1935-39 pre-war average. The consumer, however, is spending 25 per cent of his income for food today, just as he has over the past decade. He is eating more and better foods at home and buying more meals out. In fact, he is spending less for food in comparison to the average pay he receives for an hour's work today than he did nearly thirty years ago.

If all this sound cock-eyed, it's a cock-eyed world, where the farmer gets 40 cents for a dollar's worth of food but the workman's dollar today buys more than it did thirty years ago. This is an inquiry we all hope to see succeed. It can make it easier for all of us.

HOLMES ALEXANDER:

Cuban Changes

SOROA, CUBA — Here on the crests of the Cordillera de Guaniguanico, a range of coral mountains some two hours drive from Havana, stand the picturesque and often spectacular mansions of the Cuban plutocracy.

But close by a palatial, Swiss-type chalet—costing, I'm told, \$200,000—you can see a gash of skinned earth where the big tractors have cleared space for a super motel. This juxtaposition of the very rich and the increasing middle class may be unfolding a story of contemporary Cuba.

THE POOR, of course, will always be with us, especially in Cuba, where the languor of Spain has stamped manana on the natural apathy of the tropics. But the poor are compensated here by a welfare state which provides good wages for all, plus 30 days' paid vacation, two weeks' sick leave, 90 days' maternity leave and an increasing spread of social security in old age.

A worker cannot be fired except for cause, and the cause is subject to proof in court and to a review by the Labor ministry. A native corporation lawyer told me:

"It's much easier to divorce your wife than to get rid of a no-good employee."

CUBA'S PROSPERITY, with sugar selling at a record six cents a pound on the world market, is kind to all alike—rich, poor and middle class, with the last-mentioned probably the most favored because of the growth of small business and new enterprises.

A \$16 million steel mill is in the making just outside Havana. At the town of Cardenas there is a plant going up to turn sugar cane stalks or bagasse into newsprint. At Trinidad and Cienfuegos there are other bagasse plants for making cardboard and wrapping paper.

SCHOOL BENEFITS

(Fort Mill, S. C., Times)

The following is from National Review: "The New Jersey Taxpayers Association says New Jersey wants no help from the federal government for school construction. Testifying before the House Education and Labor Committee, the group pointed out that New Jersey would have to pay out

\$2.33 for every dollar received under one proposed bill and \$1.41 under a second."

In other words, federal aid to the states of this kind is a bad financial proposition. It is also bad for a more important reason. If the Federal government is to do everything and administer everything, the logical course is to forget state and local rights and responsibilities and accept the super-government philosophy in toto.

'Shut It Off Somebody'

THIS SIDE of The Sun

By Phat

They say that soon
A man's life span
Will be one-fifty years.
If that be true
As things go now,
Boy, we'll be in arrears.

The high cost of living—or, the cost of high living—sure could mount up by 2107.

THE WAY medical science is striding onward, it won't be long, according to the public prints, before a man (or woman) won't be middle-aged until 100 years of age.

But don't expect a demure little miss of 99 to admit she's awaiting her one hundredth birthday. She'll only be 42.

A DOCTOR in Chicago this week said that animals live six times as long as it takes to complete physical growth.

In men, physical growth is reached at 25. By simple arithmetic, he concluded that men should live six times 25 or 150.

The only thing to do, he said, is to learn how the animals overcome the problem of aging tissues.

Then we'll all be Methuselahs.

THAT BRINGS up some interesting thoughts. A child born today would start collecting social security in 2022 and keep on until 2107.

He'd probably see the completion of the Turnpike and that by-pass Freeway around town.

He might even be able to cross Tahquitz Channel on that third bridge between Palm Canyon Drive and Sunrise Way.

DR. E. L. BORTZ, past president of the American Medical Association, made that 150 year prediction.

He said that there is evidence that "we are on the verge" of controlling most of the diseases of old age.

And if the doctors succeed, Dr. Bortz said, "we are at the frontier of the exciting new existence."

That's for me.

REMEMBER Leo Rojo? Used to be with Felix in a musical duo that delighted Villagers and visitors some years ago. Felix and Leo wowed them in Chicago, too.

Well, the music sounded familiar when I went to Desi Arnaz' Western Hills Hotel the other night at the invitation of the Cathedral City Lions Club.

AND I HEARD a song that used to be my favorite some years ago. Looked up and there was Leo, beaming and playing that old song. It turned out to be a sort of musical reunion.

Leo is with the Wally Harpst trio at Western Hills. It is a good combo. Harpst on bass, Rojo at the piano, of course, and Mel Moss with a sharp guitar.

If the wallet can withstand the ravages of old age, am going back but soon.

ENGINEERS are doing everything possible to make our highways safer. Eliminating intersections, left turns and so on.

But I am convinced of one thing.

All of the dangerous curves are not on the highways.

Some of them are on the sidewalks of Palm Canyon Drive.

INEZ ROBB:

Keep It Where It Belongs

Well, sir, I know I'm licked before I start. But here goes Senora Sancho Panza, full tilt.

This time I am riding against lettuce in sandwiches, hot or cold. Such monstrous misuse of this noble salad green brings both it and the sandwich, and why one was ever introduced into the other, to the destruction of both, beats me.

When the Earl of Sandwich invented his namesake in the 18th Century, he slapped two pieces of bread around a hunk of meat, the better to eat at the gaming table. Did he put lettuce in it? Hal Not that purist. He took his straight, and that's the way I want mine. Only try and get it.

ST. GEORGE had it easy with the dragon compared with a customer trying to get (1) the waiter and (2) the chef to PLEASE OMIT lettuce from the cream cheese and chopped peanuts on pumpernickel, from the tuna-fish salad and piccalilli on marble cake, or from the bacon and egg with cream dressing on whole wheat toast.

Apparently, in sandwich schools all over the country, student chefs are taught that lettuce is the indispensable or secret ingredient of all sandwiches, more basic even than bread and mayonnaise. Once behind a counter, they cling to this totem with the dogged and unswerving devotion of a zealot.

NOT EVEN oil and water mix as reluctantly as lettuce and a sandwich made with toasted bread. Basically, they are antithetical and savagely destroy each other. A chunk of lettuce slapped between two pieces of toast wills at fear of a frown.

But the lettuce, before it gives up the ghost and wilts into a tough and flabby substance, has its revenge. The lettuce, cold and clammy with refrigerator rigor mortis, spreads its icy dampness through the toast. In a gustatory Gotterdammerung, the two antagonists, locked in deadly embrace, expire together in limp defeat. So does the diner.

Cane-Carrying Coming Back

NEW YORK — I always hankered to wear a cane and may risk it now that Fernando Lamas is trying to bring canes back from wherever the hell they've been.

Tottering creakily into Uncle Sam's Bumbershoot Shop on 46th St., I wrung the secret of Lamas' new stick right out of Norman Simon. His grandpaw was the original Uncle Sam.

"Lamas just got his stick Monday," confided Uncle Norm secretly.

It's a dress cane—18-k. gold inlay on black ebony. He's going to wear it not only on the street but in his show.

PINK WITH jealousy, I heard how John Steinbeck likes canes of rhinoceros hide. Gen. Walter Bedell Smith has some 25 canes, some given him by Presidents and Kings. (Like for example, Joe King, he runs a ratsheller.)

A nice little cane like Bedell Smith wears to dinner costs you only \$100 to \$200.

Personally, I wanted a flask cane—with a long skinny bottle inside. They're \$18. You get thirsty strolling 5th Ave. so you raise your cane and take a snort. (This is where they originated the expression, "raising cane.")

"Hundreds of cane-lovers are afraid their neighbors'll snicker," Uncle Norman said. "One customer said when he carries his cane, the headwaiters make such a fuss over him, he recommends it to all people."

They also have dandy horse-measuring canes. In case you meet a horse you want to measure, this can't be beat. All people wishing to measure a horse, get over to Uncle Sam's instantly. Don't walk—TROT!

TERRY THE TEEN-ager asked his high school freshman pal as they met between classes, "So what's new in Ancient History?"

John Ringling North mentioned to our B.W. that the circus'll gross \$1,800,000 this year and pay \$1,000,000 of it to Madison Sq. Garden. Turning to me, she said, "and you think OUR rent is high!"

We salute Tony Webster for some wondrous comedy lines in "The Greatest Man Alive." For example: "Don't you like my type?" . . . "It's not that I don't like your type. I don't like YOU!" . . . "When I told the psychiatrist I was thinking of nothing, he said, 'What kind of nothing?'" . . . "Don't marry the wrong person. It's hard enough when you

marry the right person." He's a St. Louis boy who went to the University of Missouri and may well become one of our greats.

THE MIDNIGHT EARL

Mrs. Horace Dodge 2d (ex-show-gal Gregg Sherwood) reneged on plane fares for Alita Ekberg, Tony Steel and Ann Miller to Palm Beach for that famous Heart Fund Ball—so now they're getting lawyer's letters from the travel agency demanding they pay to help sweet charity . . . What columnist's reported expecting?

Ann Sheridan saw "Auntie Mame"—may do the road show . . . Hal March goes into the Hospital for Joint Diseases for his slipped disc, but'll be out to do \$64,000?

MARTHA VICKERS and Emanuel Rojhas busted on the coast. (Her son, Teddy Rooney, looks just like his pop, Mickey) . . . New trend: A revue with Jerry Bergen and the June Taylor Girls will play South America this summer.

Sherman Billingsley engaged Atty. Roy Cohn to help him in his union battle . . . Jack Dempsey's dating starlet Margaret Lindsay . . . Rex Harrison told me at 21 that his marriage to Kay Kendall will be in Long Island late July or August . . . Overheard in a Turkish bath, a famous man saying: "I thought Costello was smart. How could he have left that slip in his pocket?" Reply: "Maybe he was thinking about something else with his head practically shot off!" Margie Nelson is one of the beauties at the Las Vegas Tropicana.

EARL'S PEARLS: Spring, says Henna Arond Zacks, is when birds fly and people flu.

TODAY'S BEST LAUGH: "Many a man in love with a bust size makes the mistake of marrying the whole girl."

WISH I'D SAID THAT: "Everything went up this year except the critics' opinions of TV stars, the TV stars' opinions of critics, and the sponsors' opinions of both."

Lionel Hampton tells of the terrible tragedy in Australia. Overpatriotic scientists blew themselves up. They designed a guided missile in the shape of a boomerang. . . That's earl, brother.

Letters To The Editor

Editor, The Desert Sun:

It seems to me, after reading copies of The Desert Sun, that history is repeating itself where the Palm Springs Unified School District, school board is concerned. Apparently they still have not learned that teachers are professional people, not marionettes controlled by strings.

The fact that for two years in succession, under the present administration, in addition to many previous years, the school board has preferred to discharge teachers merely upon the basis of opinions of a few disgruntled students and parents themselves, instead of upon professional evaluation of the school principal who works in direct relation with the teachers, shows a definite lack of regard for the teaching profession itself.

While there will always be a difference of opinion in schools between administrators and teachers, between teachers and students and among teachers themselves concerning some of the multitudinous aspects of school life, there is, in most school districts, a respect for those differences of opinions and an effort to reach a working compromise. I quote Voltaire: "I disapprove of what you say, but I will defend to the death your right to say it."

However, in Palm Springs, the democracy which teachers are sworn to uphold and teach to the future citizens of the United States is not practiced by the very school board that hires those teachers. Instead they apply the same practice used before modern times by absolute monarchs and more recently by those three dictators whose powers many of us helped to eradicate.

The fact that for the past four years the school board has not only refused to consider the teacher's position in the case of contested dismissal is in itself bad enough. But what is even more important is that the school board, in its policy of being "penny wise and pound foolish" has failed to establish a system of supervision. Facilities of school districts which follow professional methods are provided with counseling during the school year.

This is not so in the Palm Springs Unified School District. Here, a teacher is permitted to believe that his teaching is satisfactory, is permitted to make plans for becoming an established member of the community and then is summarily dismissed by the school board with-

out notice or reason. This in itself is a betrayal of the trust that we citizens have placed in our school board members whom we have elected to guide the destinies of our youth in this community.

When our representatives, the school board members, refuse to extend to highly trained, college educated professional personnel, the same courtesy that even a foreman gives to an unskilled laborer, it is time that we citizens take stock of the school situation here in Palm Springs. Let there be an end to any future dismissals of our teachers without professional reasons.

A TEACHER.

This is my tribute to "Bill" Rashall. Who left us the other day. Short statured, to me, he was ten feet tall. I could see him no other way.

When I read in my paper "The Desert Sun" Where I'm always sure of the latest. I was shocked by the death of this dear friend. Who, in my book, was one of the greatest.

Always a merry smile on his face. Open handed for those in need. His motto was "Love thy neighbor." Regardless of race or creed.

To his dear, devoted family and friends. Profoundly regrets I send. Wherever I pray, I shall always say. GOD rest you Bill, old friend.

NEW YORK — Sleepy-looking Hank Aaron of the Milwaukee Braves has the whole National League wide awake today to the fact that he may become the best right-handed hitter in baseball.

"He has the potential, that's for sure," glows manager Fred Haney. "And he's not even near his peak yet."

Certain it is, anyhow, that the silent, somnolent 23-year-old from Mobile, Ala., is one of those "head and shoulders" ballplayers who immediately stands out over the rest of the field.

Birdie Tebbets of the rival Cincinnati Redlegs, naturally won't concede anything to the Milwaukee mauler, figuring that his own Frank Robinson is as good a bet as any to become the next perpetual batting champion. But while Birdie's man is a fine hitter most baseball men contend that Aaron has him stopped six ways from the jack.

Indians Meet Coronado Hi Next Monday

Four Singles, Two
Doubles Matches,
on Play-Off Schedule

Palm Springs High School Boys' tennis team, Riverside County League champions for the third straight time this year, have been matched with Coronado High of the Avocado League in the first round of California Interscholastic Federation Tennis Championships in the small schools section.

Date for the first round is Monday, May 20, and Coach Seamus Nunan of the Indians netters is making arrangements with the Coronado coach for site of the matches.

In the CIF play-offs each school will have four singles players and two doubles teams, eight players in all.

In RCL competition, five singles and two doubles were the order so one singles team of the championship Indians will have to be eliminated.

Coach Nunan said that at present the team which will represent Palm Springs consists of Frank Ripley, first singles; Richard Reakes, second singles; Denny Hammond, third singles. Fourth singles man will be chosen from Dick McFarland, Bill Beck and Eric Williams.

THE DOUBLES TEAMS are: First doubles, Gary Waters and Fred Grimm; second, Roger Williams and Dawson Hayward. During RCL play, the Indians won every match, four of them by 5-0 scores and the other three 8-1. If they get by Coronado Monday, they will play the winner of the San Marino-Laguna Beach matches in the second round which is scheduled for Friday, May 24.

Mexican Colony unleashed its power Thursday night at the Polo Grounds to defeat Lauryes' Steak Ranch 11 to 2 in a Desert Softball League game.

Mexican Colony started out with a three-run outburst in the first inning and were never headed. Both teams went scoreless until the top of the fifth when Crawford's two-run homer for Lauryes' made it 3-2.

In the bottom of the same round four Mexican Colony hits coupled with three miscues by Lauryes', sent five runs over and made it 8-2. That was the game.

Mexican Colony added three insurance runs in the sixth on Ben Prieto's three-run homer.

Tonight M-M Lehrfield and the Telephone Company meet at 8 p.m. and one of them will climb out of the league cellar.

TROJANS SLIGHT FAVORITES IN PCC TRACK MEET, BRUINS RATED SECOND

By HOWARD APPELGATE
United Press Sports Writer
EUGENE, Ore. — Southern California, which last year lost the Pacific Coast Conference track championship to UCLA after a decade or more of domination, was a slight favorite today to regain the title as firing opened in the annual two-day PCC meet.

But USC's success for failure won't be known until nearly sundown Saturday. True, the 27th renewal of the event gets underway here this afternoon with warm weather predicted. But today's schedule is purely a prologue with only preliminaries scheduled in the sprints, hurdles, shot put, discus, broad jump and javelin.

FINALS IN ALL EVENTS come Saturday and a crowd of some 8,000 is expected to set in on the affair that the railbirds tab this way — USC to win, then UCLA, Oregon, California, Stanford and Washington. Oregon State, Washington State and Idaho will fight it out on a more or less even basis for the final three spots.

As usual USC's strength will

come in seconds and third, with UCLA, California and Oregon all expected to produce more individual winners. Southern Cal's Ron Morris in the pole vault, little Max Truex in the two mile and Bob Voiles in the javelin are the only clearcut Trojan winners.

THE FIELD consists of just about the best all around accumulation of college track greats in the business. And included in the group are no less than five Olympic game performers, USC's Truex; UCLA's decathlon great Rafer Johnson; California's Leamon King and Don Bowden and Oregon's Jim Bailey. Bailey, who boasts a 3:58.6 mile, represented Australia, the others the United States.

Bailey, with an injured leg hampering him most of the season, and Bowden are slated to bump heads in the half-mile with the lanky Cal junior favored.

King is the choice in the sprints, although the Oregon trio of Steve Andersen, Jack Brown and Jack Morris all have been clocked in 9.5; King's best of the season.

Johnson very probably will show up in a half dozen events and although he, too, has been nursing an injured leg season long, will contribute heavily in runner up points for UCLA.

Bailey likely will pass up the mile, thus leaving UCLA's little Bob Seaman, with the year's college best of 4:05.6, the four-lap choice.

FAVORITES in other events go like this:

Hurdles: USC's Bob Lawson and Stanford's Chuck Cobb and Bernie Nelson in the highs, Lawson and Oregon's Morris in the lows.

'440: UCLA's Russ Ellis, Washington's Terry Tobacco, Cal's Art Stewart.

Shot Put: UCLA's Don Vick.

Discus: UCLA's Vick or Johnson, USC's Rink Babka, Stanford's Fred Peters.

Broad Jump: Oregon's Martin Pedigo, Stanford's Fred Herrman

UCLA's Dick Knaub and USC's C. R. Roberts.

High Jump: Stanford's Phil Fehlen, UCLA's Walt Torrence and Cal's Dick Dailey.

PONY AND COLT LEAGUE PRACTICE SESSIONS SET

Candidates for Palm Springs Pony League team will meet this afternoon at 5 o'clock for a practice session.

Howard Haddock, city recreation superintendent, urged all boys in the 13-14 years of age bracket, to turn out at the Polo Grounds for the practice sessions.

Play in the Pony League will start the first week in June. Five teams from Riverside County communities make up the league. Herb Rauch, John Marinko, Victor Reyes and Gene Holmes head

Pony League activities in Palm Springs. They also will manage the Colt League for boys 15-16 years old.

Colt League team candidates are called for practice next Monday at the Polo Grounds at 5 p.m.

The Palm Springs Colt team will play in the Colton Colt League and the season will start the last week in May.

Palm Springs Elks Lodge, 1905, and the City Recreation Department are sponsoring both the Pony and Colt leagues.

PLANNING ON SUICIDE? SMACK THIS LION LINE

By HAL WOOD
United Press Sports Writer

SAN FRANCISCO — In case you are thinking of committing suicide this summer, here's a suggestion:

Carry a football against the defensive backfield of the Detroit Lions!

This applies only if Coach Buddy Parker decides to use his new man, John Henry Johnson, on the defense along with his other bone cracker, Jim David.

Johnson and David have the reputation of being the roughest men in the tough game of Professional football—and some say the dirtiest.

But even their teammates admit that the two men play the game for keeps—and they have a few scalps hung in their trophy rooms to prove it.

JOHNSON WAS TRADED to the Lions Tuesday by Coach Frankie Albert in exchange for Bill Stits and Bill Bowman. But Frankie claims that the roughness of Johnson's play had nothing to do with the swap.

It was in 1955 that Johnson drew down the wrath of the Chicago Cardinals and many others when he put an end to the football career of back Charly Trippi of the Chicago Cardinals.

Playing in an exhibition game, Johnson hit Trippi with a block when Charly wasn't looking. They couldn't tell Trippi's face from an over-ripe smashed tomato when they carried him off the field. And the bosses in the Cardinal gang immediately hollered foul. They claimed that John Henry had his elbows face-high when he went in to throw the block. The Forty Niners claimed

pictures proved that John Henry threw a legal block. The matter stands there—and Charley played no more football.

BUT DAVID HAS even a tougher reputation. In 1953 in a regular season game, his knee came up in the face of San Francisco's quarterback Y. A. Tittle with such force that it broke Y. A.'s cheekbone. This time San Francisco hollered "dirty play"—which did no good, of course. Tittle had to miss only two and one-half games but some say it did destroy some of his effectiveness the rest of the year.

And David was in trouble in Los Angeles a week or so later. This time he reportedly jumped on end Tom Fears when the latter already was down and cracked several ribs. And later in the game, in full view of 90,000 fans, he took a swing at Bob Boyd—for which he was tossed out of the contest.

Off these records, packing the mail this year against Detroit will really be walking into the Lions' den!

IRON LIEGE DOMINATES PREAKNESS FIELD OF 7

BALTIMORE — Calumet Farm's Iron Liege, the Kentucky Derby winner, headed the probable lineup when the entry box for Saturday's \$100,000 added Preakness Stakes closed today for the second of the Triple Crown classics.

Expected to round out the seven-horse field were Wheatley Stable's Bold Ruler, Clifford Lussky's Federal Hill, Roslyn Farm's Inswept, Mrs. Jules Schwartz' Nah Hiss, Mrs. Ethel D. Jacobs' Promised Land and D. M. Stable's Inside Tract.

pacemaker, dominated the small field. The others did not run in the Churchill Downs classic two weeks ago.

NOT SINCE CITATION in 1948 has a three-year-old been able to win the Kentucky Derby, the Preakness and the Belmont Stakes to be run June 15 this year. Iron Liege was a strong favorite at 4-5 to move a step closer to that goal by adding a garland of black-eyed susans to his blanket of roses.

The race will be telecast and broadcast by CBS.

Rival owners and trainers, well aware their horses face a difficult task, nevertheless feel they have a chance to win at least part of the total purse of \$113,000 and possibly be on the receiving end of the presentation ceremony. Second place is worth \$25,000, third \$15,000 and fourth \$7,500.

Russo Favored in '500' Prelims

INDIANAPOLIS, Ind. — Qualifications for the 500-mile speedway auto race open Saturday and railbirds installed Paul Russo's blue Novi as the logical contender for the coveted pole position.

The powerful, 8-cylinder super-charged machine blazed around the 2 1/2-mile oval at an average speed of better than 143 miles an hour Thursday to indicate it was ready to challenge the time trials records of 146.056 m.p.h. and 145.596 for one and four laps respectively.

The marks were set by Pat Flaherty last year.

WHEN THIS photo was made, on March 10, 1954, in Lexington, Ky., the colt by Iron Maiden-Bull Lea was 30,000 to 1 to win the Kentucky Derby in 1957. But the colt, Iron Liege, won it. (International)

Giaddello, Calhoun Try to Make it Fast

CLEVELAND — Highly-touted middleweight contenders Joey Giaddello and Kory Calhoun counted on heavy artillery to make it "short and sweet" tonight in their 10-round televised fight at the Arena.

Odds makers rated the twice-postponed "natural" even money chieftly on the point that either fighter can take out an opponent with one wallop.

SEALS FREE MASTERSON

SAN FRANCISCO — Former major league pitcher Walt Mastersson left for his home in Washington, D.C., today after being given his unconditional release by the San Francisco Seals of the Pacific Coast League.

DHS Rental Owners to Decide Policy

Rental Owners Association members will meet Tuesday night for an important organizational meeting, according to Jack Fruman, president.

Fruman emphasized to the membership that it will be to their benefit to attend this meeting, as on the agenda for the evening's discussion will be the annual brochure and its progress to date and the progress of the project of placing signs on the highway.

To comply with the request of some members, the newly elected officers will endeavor to find a solution to a better and more even distribution of reservations and requests, Fruman said.

This, he explained has always been a major ROA problem and its solution can only be reached by full membership participation.

Tickets Remain For 49'er Dinner Of DHS Club

Tickets are still available but are limited for the annual 49ers dinner of the Desert Hot Springs Women's Club on Thursday, May 30 at Addington's. Reservations may be made by calling Betty Lukomski.

Plans now call for the turkey dinner. At a Board meeting held at the home of Ruth Meadows, it was decided to divide the crowd for the annual affair into a luncheon and dinner group.

Luncheon will be served at 12:30 until 2 p.m. on May 30, following the dedication ceremonies of the new Park and Recreation Department grounds.

Dinner will be served from 7 to 9 p.m. and will be followed by a fashion show. Music will be provided for dancing. Donated for sale at the dinner are two paintings, one by Enola Hulbert and a sand painting by Betty Lukomski, also two stoles by Maggi Bister and an afghan by Augusta Andrews.

The Old Joas House in Weaver, Calif., was once used as a place of worship by thousands of Chinese who worked in nearby gold mines.

WSCS Installs New Officers At Luncheon

WSCS of the Desert Hot Springs Community Methodist church held its Birthday Luncheon and election of officers.

Out-of-town guests to the luncheon were Dr. and Mrs. Roy L. Andersen of El Segundo, Mrs. Andersen was the speaker at the luncheon and touched on the needs of the County Hospital in Los Angeles, the Elol Community Center in Arizona and the Korean Hospitals, as well as the work of UNICEF.

The Rev. Yngvar Johansen installed the following officers: Mary Gardiner, president; Alice Hartnett, vice president; Alys Schwendiman, secretary, and Claire Bethune, treasurer.

Also installed were secretaries of several divisions: Wanda Wright, promotion; Mary Taylor, missionary education and service; Helen Carson, Christian social and church relations; Ida Maddock, literature; Anne Douglas, supply work; Elsie W. Ream, spiritual life; Edna Helvey, status of women, and Alice Hartnett, publicity.

Mrs. Morrison Entertains Guests

Guests of Mrs. Esther Morrison of Sixth Street are Mrs. Bessie Iverson and her friends, Mr. and Mrs. Lee Chesterfield of Hollywood.

Mrs. Iverson lives on the famous Iverson Ranch in Chatsworth where so many of the Western movies are filmed.
